

Mayor's drama plan for young in Middlesbrough  
Posted by the Mallon Daily October 17, 2008  
A BOLD new Youth Agenda is to be launched by  
Mayor of Middlesbrough Ray Mallon.

One of the town's oldest buildings the Customs House in St Hilda's, pictured above could become a new centre for the town's young people. Mr Mallon who is again out to "lunch" as usual stated at a meeting this week at Middlesbrough Council gave an initial outline of his latest schemes and plans which have been formulated as normal over a number of minutes he said: "to use The Youth Agenda to get money is one of my biggest priorities." Mallon said as my being one of the biggest planks in this town it's My Place to sell everything I can get my hands on.

Pretending to convert the Customs House building for use by young people whilst MBC demolish Youth club facilities across the town is my latest scheme in the subversion of Government funds. The building is falling into disrepair which is all part of the plan and MBC policy for St Hilda's

I mean just have a look around our plan at MBC to run the town down is working well and we are then applying for cash. With a bit of luck MBC will get the money.

I've tried to sell off people's homes, their land and the trees at Longridge Wood said the Mayor. He said his agenda was not so much about money.

"It is more to do with the "will" to demolish everything in sight and I can state with some pride since I became Mayor of Middlesbrough the town does look a sight, a bomb site. In fact I have won awards for this town.

Just ask Channel 4's Awards Team" said Mr Mallon.
